LRT:bz

cc: ~~Mr. S. H. Cornwall~~ L. R. Taylor, Superintendent

Provo - 4-4-59

Mr. Taylor:

Referring to probable cost of caboose 55, it will run about as follows:

| | |
|---|---|
| Labor | $ 1750.00 |
| Material | 1500.00 |
| Overhead | 485.00 |
| | $ 3735.00 |

The material, of course is estimated, I figured 15% overhead on both labor and material.

ORE

Salt Lake City, Utah
November 20, 1958

Mr. L. R. Taylor, Supt. & Master Mechanic
Utah Railway Company,
Martin.

Dear Sir:

Again referring to your letter of November 13th, 1958, file 8-1CG regarding approximate prices on materials for rebuilding Caboose 55 at Provo.

I enclose herewith (2) copies of result of quotation furnished by Structural Steel & Forge Company of Salt Lake City, which you will observe are f.o.b. Provo, Utah.

Inasmuch as Lawrence Jones stated scrap could be used to produce the (16) 1/4" gussetts, I did not have this item included.

I have advised them, due to maximum length of sheets at 24 feet, we would cut and weld material ourselves.

Yours very truly,

Purchasing Agent

Mr. F. R. Perkins, Accountant,
United States Railroad Administration,
Room 608 Equitable Building,
Denver, Colorado.

Dear Sir:

I have your letter of the 14th instant, in regard to our bill 274, of July, 1920, for the value of Utah Railway caboose No. 52 destroyed in accident November 28, 1919, and for which the Denver & Rio Grande Railroad was responsible.

The value of $3,645.35 for a new caboose was based upon a quotation to us by the Mount Vernon Car Manufacturing Company (the original builders of this car). As a matter of fact, it actually cost us $4,637.47 to rebuild caboose No. 52. This car was a standard caboose, except that it was of greater length than the ordinary caboose and contained a baggage compartment.

Yours very truly,

Vice-Pres. & General Manager.

UTAH RAILWAY COMPANY
RECEIVED
AUG 5 1920

Mr. G. S. Anderson,
V. P. & G. M. Ut. Ry. Co.,
Salt Lake City, Utah.

Dear Sir:-

Your letter of July 30th, referring to the expense of repairing the steel underframe and trucks of caboose No. 52. My estimate on the repairs to the underframe and trucks of this car would have been very conservative and I believe that any car man would agree with me that the work could have been accomplished for.

Mr. Peapke, in protecting himself on the job estimated $200.00 while the work was progressing very satisfactory and looked like it could be accomplished for the amount specified.

The underframe of the car was dropped from its cribbing, due to tipping over and letting the frame drop about 7 ft. which buckled it over excessively. The restraightening of the frame was a difficult task to perform at this point, where we are not equipped with suitable clamps and face plates for this kind of work and it was this factor that entered into running the expense so high.

Respectfully,

J. E. Stevenson

Superintendent.

July 30th
1 9 2 0

Mr. J. E. Stevenson, Superintendent,
Utah Railway Company,
Provo, Utah.

Dear Sir:

I saw some figures today taken off Salt Lake Route bills indicating that the cost of repairing the steel underframe and trucks of caboose No. 52, preparatory to shipment to Mt. Vernon, was approximately $650.

We decided to send these parts to Mt. Vernon on your personal estimate that the cost of repairs at Provo would amount to approximately $150.00. If the expense as shown by the Salt Lake Route is correct, we would have been better off to scrap these parts and purchased an entire new caboose.

Yours very truly,

(Signed) C. S. Anderson

Vice Pres. & General Manager.

FOR G. S. Anderson.

TRAFFIC DEPARTMENT

SALT LAKE CITY, UTAH

G.W. CUSHING
TRAFFIC MANAGER

July 31st, 1920,

Claim 5243-A
F-15746.

Claim 5243-A
F-15746

Mr. J. N. Horlick, Mgr.,
U. S. Stores Company,
Building.

Dear Sir:-

Referring to attached copy of letter addressed to G. S. Anderson, Genl.Mgr., Utah Railway Company, in regard to freight charges assessed on underframe forwarded from Provo, March 12th on Utah Railway flat 101, amounting to $579.38, which were paid by the Mt. Vernon Car Mfg. Company, and billed against the U. S. Stores Company.

If the car had moved empty under Revenue billing, Provo to Mt. Vernon, the freight charges would have been $123.91 for account Real del Monte Co.

It will therefore be in order for you to charges the Utah Railway with $455.47, and the Real del Monte Co. with $123.91 to off-set the charge of $579.38 paid by you to Mt. Vernon Car Manufacturing Company.

The matter of re-building Utah Railway flats into box cars for account Real del Monte is covered by U. S. Stores Order Ep-727, Req. A.K.B., our routing order F-15746.

Yours very truly,

G W Cushing

July 31st, 1920.

Claim 5245-A
F-15746.

Mr. J. H. Morlock, Mgr.,
U. S. Stores Company,
Building.

Dear Sir:

Referring to attached copy of letter addressed to G. S. Anderson, Genl.Mgr., Utah Railway Company, in regard to freight charges assessed on underframe forwarded from Provo, March 12th on Utah Railway flat 101, amounting to $279.58, which were paid by the Mt. Vernon Car Mfg. Company, and billed against the U. S. Stores Company.

If the car had moved empty under Revenue billing, Provo to Mt. Vernon, the freight charges would have been $125.91 for account Real del Monte Co.

It will therefore be in order for you to charges the Utah Railway with $425.47, and the Real del Monte Co. with $125.91 to off-set the charge of $279.58 paid by you to Mt. Vernon Car Manufacturing Company.

The matter of re-building Utah Railway flats into box cars for account Real del Monte is covered by U. S. Stores Order MT-727, Reg. A.R.S., our routing order F-15746.

Yours very truly,

RGM-WM

Claim 5243-A
F-15746

Mr. G. S. Anderson, Genl.Mgr.
Utah Railway Company,
Building.

Dear Sir:-

Referring to our conversation of even date we enclose herewith copy of L & N Mt Vernon Ill. expense bill Pro-155 March 26th, 1920, covering charges paid by the Mt Vernon Car Mfg Company on arrival of steel under frame forwarded from Provo, Utah March 12th on Utah Railway flat 101.

You will note total charges under above freight bill are $579.38, which includes 3% war tax.

Under date of April 19th, 1920, we filed our claim 5243-A with the L & N for overcharge in rate on the under frame amounting to $79.73, which adjusts the correct freight charges to basis of $499.65, copy of our claim being in your file.

Rec'd to VBH

We are also attaching L & N voucher C-1082 for $79.73 in settlement of our claim 5243-A. You will note attached voucher is drawn in favor of the U S Smelting Refining & Mining Company, but has been endorsed by W. W. Rager, Cashier, U S Smelting Refining & Mining Company, payable to the Utah Railway Company.

It is our understanding that the U S Stores Company have reimbursed the Mt Vernon Car Mfg Company in the amount of $579.38 covering original freight charges paid by them on this shipment and we are asking the U S Stores Company to arrange to have this amount billed against the Utah Railway Company.

In the event Utah Flat 101 had moved empty under revenue billing, Provo to Mt Vernon, freight charges would have been $120.30 plus 3% war tax or $3.61, or a total of $123.91.

Yours very truly,

G W Cushing

Mr. G. S. Anderson, Genl.Mgr.
Utah Railway Company,
Building.

Dear Sir:-

Referring to our conversation of even date we enclose herewith copy of I & M Mt Vernon Ill. expense bill Pro-Jab March 20th, 1920, covering charges paid by the Mt Vernon Car Mfg Company on arrival of steel under frame forwarded from Provo, Utah March 12th on Utah Railway flat 101.

You will note total charges under above freight bill are $679.38, which includes 3% war tax.

Under date of April 19th, 1920, we filed our claim 5242-A with the I & M for overcharge in rate on the under frame amounting to $79.75, which adjusts the correct freight charges to basis of $429.65, copy of our claim being in your file.

We are also attaching I & M voucher C-1082 for $79.75 in settlement of our claim 5242-A. You will note attached voucher is drawn in favor of the U S Smelting Refining & Mining Company, but has been endorsed by W. W. Rager, Cashier, U S Smelting Refining & Mining Company, payable to the Utah Railway Company.

It is our understanding that the U S Stores Company have reimbursed the Mt Vernon Car Mfg Company in the amount of $679.38 covering original freight charges paid by them on this shipment and we are asking the U S Stores Company to arrange to have this amount billed against the Utah Railway Company.

In the event Utah Flat 101 had moved empty under revenue billing, Provo to Mt Vernon, freight charges would have been $120.30 plus 3% war tax or $3.61, or a total of $123.91.

Gentlemen:-

With reference to your invoice of June 4th, covering our order H-5557. There is an amount of $199.00 tabulated on this invoice which covers charge made for additional material furnished as per your letter of May 15th.

Due to the fact that this caboose was burned and damaged while in the service of the Denver & Rio Grande Railroad, we are authorized to bill on them for the amount of $199.00. It is necessary for us to present them with an itemized bill to this amount, we would therefore ask that you give us an itemization of this account, making it in <u>six copies.</u>

Yours very truly,

UNITED STATES STORES CO.

BE SAFE ALWAYS UTAH U.C.R. RAILWAY

JUN 24 1920

Mr. G. S. Anderson,
Vice Pres. & Gen. Mgr.,
Utah Railway Company,
Salt Lake City, Utah.

Dear Sir:

Caboose 52 and 56 received June 20th from Mt. Vernon Works have been inspected and are satisfactory in general.

While these cabooses are stamped safety appliance standard, I am satisified we will have to take the middle brace out of the circle grab iron, and have them with a 16 instead of a 15 inch brake wheel, and equip with a 5/8 instead of a 7/16 hand brake chain. The equipment on the cab consisted of four cushions, and a cupola light.

Caboose 56, I find that somebody en-route has robbed her of two cubbard hasps, which will not amount to exceed $1.00 for replacement.

I will carfully scrutinize the rules upon safety appliance standards, and make certain that the changes will have to be made before doing so. However, the expense will be very nominal in the event it will have to be accomplished.

Respectfully,

J E Stevenson

Superintendent.

April 13, 1920

Mr. G. W. Cushing, Traffic Mgr.
Utah Railway Co.
Salt Lake City, Utah.

Dear Sir:

Referring to the two caboose cars we are to construct for you under your orders H-5556 and 5557, we have just received the trucks and underframe that you shipped to us on Utah Railway flat car 101 and we find that the underframe comes to us without the couplers, without the draft gear, draft springs, certain items of forgings that are an integral part of the underframe construction. We figured that these parts would come complete and our proposition to you was so based. Naturally we would expect that the old underframe that you would furnish from a destroyed car would have the couplers and draft gear attachments as well as most of the air brake parts, all coming along with it.

We wrote you about the air brakes some time ago and that matter is straightened out but we will have to place our order for the draft springs, Farlow draft gear, and automatic couplers as well as some items of forgings such as brake mast supports, coupler carrier irons, hand brake lever fulcrums and sill straps, cupola brake mast supports, puch rods and jaws, king pins, truck and cylinder levers, brake pins, top rods, center rods and hand brake chain, none of which were furnished. We are making up an estimate on this material and just as soon as we know what it is going to cost we will write you or telegraph you giving you the added cost for furnishing this material.

We trust this will be satisfactory.

Yours truly,

(Sgd) R. K. Weber

Vice Pres.

MEMORANDUM

United States Stores Co:

Referring to your orders H-5556 and H-5557 for the rebuilding of caboose No. 52 and the purchase of an additional new caboose.

Please wire the Mt. Vernon Car Manufacturing Company that we prefer to use the K-1 triple valves and also that it will be necessary to purchase one complete set of air brake material for caboose No. 52, or two complete sets for the two cabooses, as the salvage air brake material from caboose No. 52 is not serviceable.

I understand that the Mt. Vernon Car Manufacturing Company ordered the style "H" triple valves from the New York Air Brake Company for the new caboose, but as above stated, we prefer the K-1 triple valves.

Gentlemen:

Supplementing my letter of the 19th instant, in which I authorized you to arrange wi th the Mt. Vernon Car Manufacturing Company to rebuild caboose No. 52.

Please arrange to purchase one additional caboose to be of the same construction throughout as Cabooses Nos. 51, 52 and 53, covered by your order H-3072, year 1912. This car to be numbered 56. My understanding is that the cost of this additional caboose will be $3500 f.o.b. Mt. Vernon, and that delivery is to be made within ninety days.

Yours very truly,

(Signed) G. S. Anderson

G. Anderson
O.K.
Geo. W. Heintz
JAN 21 1920

Mr. Geo. W. Heintz, President,
Utah Railway Company,
B u i l d i n g.

Dear Sir:

Referring to your letter of the 15th instant, authorizing the purchase of two new cabooses at $3200 each, one of which is to be charged to replacement and the expense, less depreciation and salvage, be assessed against the Denver and Rio Grande.

Mr. Horlick had a bid of $3200 from the Mt. Vernon Car Manufacturing Company, but an examination of the specifications indicates that such cabooses would not be suitable for our requirements. We made a proposition to the Mt. Vernon people that they rebuild caboose No. 52, we to furnish the trucks and steel underframe, which were salvaged from the fire and they have agreed to do this for $2700. I have authorized Mr. Horlick to close the deal for one caboose on this basis, the net cost to be charged to the Denver and Rio Grande.

The Mt. Vernon people want $3500 to construct a second caboose like car 52 and I see no other alternative than to accept their bid, as we need an additional car and it is worth $300 more than the car which they proposed to furnish for $3200. I do not know of any second hand steel underframe caboose for sale by other roads. It is essential that we have a good steel underframe substantial car which will stand the stress of heavy trains.

Will you please authorize the additional $300 ?

Yours very truly,

G. Anderson

Vice Pres. & General Manager.

February 18th
1 9 2 0

Mr. J. E. Stevenson, Superintendent,
Utah Railway Company,
Provo, Utah.

Dear Sir:

Referring to my letter of January 19th, instructing that the steel underframe and trucks of caboose No. 52 be repaired and shipped to the Mount Vernon Car Manufacturing Company.

A month has elapsed and this shipment has not yet been made and we are fearful that unless it is made at an early date, that the Mount Vernon Car Manufacturing Company will cancel its previous bid and make a higher one.

Also, we will not get this caboose for the early fall business unless prompt shipment is made of the steel underframe and trucks. Cannot the matter of repairs to the underframe and trucks be given preference and early shipment made on Utah Railway car 101, which I understand is now ready. In this connection, you should way-bill the steel underframe and trucks and not car 101, this office to be given prompt advice of shipment so that we may instruct the Mount Vernon Car Manufacturing Company to hold car 101 to be converted into a box car after the material for rebuilding caboose No. 52 has been unloaded.

Yours very truly,

(Signed) G. S. Anderson

Vice Pres. & General Manager.

January 19th
1 9 2 0

Mr. J. E. Stevenson, Superintendent,
Utah Railway Company,
Provo, Utah.

Dear Sir:

The Mount Vernon Car Manufacturing Company will allow $800 for furnishing the trucks and steel underframe in good condition f.o.b. Mt. Vernon and rebuild caboose No. 52. This will reduce the cost from $3500 to $2700.

Arrange at once to place the trucks and steel underframe in the best possible condition. We are tracing a 100 series car on the Colorado and Southern and hope to get it to Provo within a few days for shipment to Mt. Vernon and will load the trucks and steel underframe on this car.

Am still negotiating for the purchase of a second caboose but have not yet reached a conclusion.

Yours very truly,

(Signed) C. S. Anderson

Vice Pres. & General Manager.

A-M

January 19th
1 9 2 0

United States Stores Company,
B u i l d i n g.

Gentlemen:

Re enclosed papers. Have decided that caboose covered by Specification No. 3728 would not be satisfactory for our use.

If an allowance of $800 will be made for furnishing the trucks and steel underframe for a caboose to be built under the Specification for Caboose No. 52, (your order H-3072, year 1912) we will undertake to furnish the trucks and steel underframe and pay $2700 additional f.o.b. Mt. Vernon. You may close the deal for one caboose on that basis.

Also please make inquiry by night letter for a price for one caboose to be a duplicate of Utah Railway cabooses Nos. 54 and 55, which were included in an order for thirty three cabooses placed with the Mt. Vernon Car Manufacturing Company by the Union Pacific, January 17th, 1917 and shipped during February, 1918. We paid the Union Pacific $3001.18 each for these two cabooses f.o.b. Mt. Vernon.

Yours very truly,

(Signed) G. S. Anderson

Dear Sir:-

In answer to yours of the 15th beg to advise that you are authorized to buy two new cabooses at price mentioned if the Las Vegas & Tonopah, Colorado & Idaho, or other abandoned properties have not suitable equipment that could be quickly obtained.

One of the new cabooses is a replacement and the other would, I assume, be charged to Capital Account.

Yours truly,

January 14th
1 9 2 0

Mr. Geo. W. Heintz, President,
Utah Railway Company,
B u i l d i n g.

Dear Sir:

Authority is requested for the purchase of two new cabooses, estimated to cost $3200 each f.o.b. Mt. Vernon, Illinois.

One of these cabooses is to replace caboose No. 52, which was recently destroyed in an accident. The Denver and Rio Grande will pay us approximately $2500, leaving a net cash expenditure of $700 for a new caboose. I had hoped to obtain a Denver and Rio Grande caboose in exchange for caboose No. 52, but that Company is unable to release one; therefore, will exact payment on the basis of $3200, less deprediation and salvage.

An additional caboose is required to substitute for either of the five main line cabooses when held for repairs or damaged by accidents. The new caboose to replace car No. 52 would ordinarily be the relief or substitute car, but that car will go into regular service with the additional new locomotive or locomotives, or with any locomotive leased from another Company. All of our cabooses are now in daily service and should one be damaged, a train crew would have to be laid off until a caboose could be obtained from some other Company.

In reality, the total additional net expenditure involved is for one caboose, as the depreciation of car No. 52 has been charged to operating expenses with no outgo of cash.

Yours very truly,

(Signed) G. S. Anderson

Vice Pres. & General Manager.

Mr. G. S. Anderson,

Vice-President and General Manager,
Utah Railway Company,

Salt Lake City, Utah.

Dear Sir:-

This will acknowledge receipt of your letter December 24th, with reference to cabooses ordered by us for your Company from the Mount Vernon Manufacturing Company.

As requested by you I have arranged for Mr. Miller to forward you direct the copies of specifications, drawings and schedules for the two cabooses furnished to your Company.

Yours truly,

December 24th

1 9 1 8

Mr. E. E. Calvin, Federal Manager,
Union Pacific Railroad,
Omaha, Nebr.

Dear Sir:

On January 17th, 1917, your Company ordered 33 cabooses from the Mount Vernon Car Manufacturing Company, of which 25 were for your Company, 6 for the St. Joseph and Grand Island and 2 for the Utah Railway Company.

If consistent, I would appreciate your directing your Superintendent Motive Power, Mr. C. E. Fuller, to furnish me with copies of the specifications, drawings and schedules for the 2 cabooses furnished to our Company, and which I assume were duplicates of those obtained by your Company.

Yours very truly,

Utah Railway Company
Mr. G. S. Anderson, Vice President,
Salt Lake City, Utah.

Gentlemen:-

We are in receipt of your letter of December 12th and note your request for Specifications.

These Caboose Cars were built in accordance with Common Standard Specifications and Drawings and if your company has not copies on file, I would suggest that you take the matter up with Mr. E. E. Calvin and ask him to have Mr. C. E. Fuller, Sup't. Motive Power, furnish you with copies of the Specifications, Drawings, and Schedules which he has on file, and which will give you all the information.

The Mount Vernon Car Mfg. Company have no copies other than those furnished for use in connection with the building of the cars.

Yours truly,

W. A. Harriman

Mr. W. A. Harriman, Vice President,
Union Pacific Equipment Association,
New York City, N.Y.

Dear Sir:

I thank you for your letter of the 5th instant, file 5570, in regard to cabooses Nos. 54 and 55, purchased by you for the Utah Railway Company on your order No. 5570, having been incorrectly stenciled - "Union Pacific Equipment Association, Owner."

We had this stenciling obliterated at the time we paid your Company for the cabooses.

In this connection, will you not kindly send me, or request the Mount Vernon Manufacturing Company to do so, two copies of the specification and drawing for these cabooses.

Yours very truly,

(Signed) G. S. Anderson

December 5, 1918.

Utah Railway Company
Mr. G. S. Anderson, V.P. & G.M.,
Salt Lake City, Utah.

Gentlemen:-

On April 15th, our Consulting Engineer advised us that the Two Caboose Cars for the Utah Railway Company covered by our Order 5570 were incorrectly stenciled

"Union Pacific Equipment Association,
Owner"

due to an error by the car builders and the fact that Hunt & Company overlooked instructions regarding this.

We presume of course that you will wish to have this stenciling obliterated. We regret that this information from the Consulting Engineer was filed without advising you promptly in regard to the matter.

Yours truly,

W. A. Harriman

SENDER'S TELEPHONE NUMBER

## ALL TELEGRAMS TAKEN BY THIS COMPANY ARE SUBJECT TO THE FOLLOWING TERMS:

To guard against mistakes or delays, the sender of a telegram should order it REPEATED, that is, telegraphed back to the originating office for comparison. For this, one-half the unrepeated telegram rate is charged in addition. Unless otherwise indicated on its face, THIS IS AN UNREPEATED TELEGRAM AND PAID FOR AS SUCH, in consideration whereof it is agreed between the sender of the telegram and this Company as follows:

1. The Company shall not be liable for mistakes or delays in the transmission or delivery, or for non-delivery, of any UNREPEATED telegram, beyond the amount received for sending the same; nor for mistakes or delays in the transmission or delivery, or for non-delivery, of any REPEATED telegram, beyond fifty times the sum received for sending the same, *unless specially valued;* nor in any case for delays arising from unavoidable interruption in the working of its lines; *nor for errors in cipher or obscure telegrams.*

2. In any event the Company shall not be liable for damages for any mistakes or delays in the transmission or delivery, or for the non-delivery, of this telegram, whether caused by the negligence of its servants or otherwise, beyond the sum of FIFTY DOLLARS, at which amount this telegram is hereby valued, unless a greater value is stated in writing hereon at the time the telegram is offered to the Company for transmission, and an additional sum paid or agreed to be paid based on such value equal to one-tenth of one per cent. thereof.

3. The Company is hereby made the agent of the sender, without liability, to forward this telegram over the lines of any other Company when necessary to reach its destination.

4. Telegrams will be delivered free within one-half mile of the Company's office in towns of 5,000 population or less, and within one mile of such office in other cities or towns. Beyond these limits the Company does not undertake to make delivery, but will, without liability, at the sender's request, as his agent and at his expense, endeavor to contract for him for such delivery at a reasonable price.

5. No responsibility attaches to this Company concerning telegrams until the same are accepted at one of its transmitting offices; and if a telegram is sent to such office by one of the Company's messengers, he acts for that purpose as the agent of the sender.

6. The Company will not be liable for damages or statutory penalties in any case where the claim is not presented in writing within sixty days after the telegram is filed with the Company for transmission.

7. *Special terms governing the transmission of messages under the classes of messages enumerated below shall apply to messages in each of such respective classes in addition to all the foregoing terms.*

8. *No employee of the Company is authorized to vary the foregoing.*

**THE WESTERN UNION TELEGRAPH COMPANY**
INCORPORATED
NEWCOMB CARLTON, PRESIDENT

## CLASSES OF SERVICE

### FAST DAY MESSAGES

A full-rate expedited service.

### NIGHT MESSAGES

Accepted up to 2.00 A.M. at reduced rates to be sent during the night and delivered not earlier than the morning of the ensuing business day.

### DAY LETTERS

A deferred day service at rates lower than the standard day message rates as follows: One and one-half times the standard Night Letter rate for the transmission of 50 words or less and one-fifth of the initial rate for each additional 10 words or less.

SPECIAL TERMS APPLYING TO DAY LETTERS:

In further consideration of the reduced rate for this special "Day Letter" service, the following special terms in addition to those enumerated above are hereby agreed to:

A. Day Letters may be forwarded by the Telegraph Company as a deferred service and the transmission and delivery of such Day Letters is, in all respects, subordinate to the priority of transmission and delivery of regular telegrams.

B. Day Letters shall be written in plain English. Code language is not permissible.

C. This Day Letter may be delivered by the Telegraph Company by telephoning the same to the addressee, and such delivery shall be a complete discharge of the obligation of the Telegraph Company to deliver.

D. This Day Letter is received subject to the express understanding and agreement that the Company does not undertake that a Day Letter shall be delivered on the day of its date absolutely and at all events; but that the Company's obligation in this respect is subject to the condition that there shall remain sufficient time for the transmission and delivery of such Day Letter on the day of its date during regular office hours, subject to the priority of the transmission of regular telegrams under the conditions named above.

*No employee of the Company is authorized to vary the foregoing.*

### NIGHT LETTERS

Accepted up to 2.00 A.M. for delivery on the morning of the ensuing business day, at rates still lower than standard night message rates, as follows: The standard day rate for 10 words shall be charged for the transmission of 50 words or less, and one-fifth of such standard day rate for 10 words shall be charged for each additional 10 words or less.

SPECIAL TERMS APPLYING TO NIGHT LETTERS:

In further consideration of the reduced rate for this special "Night Letter" service, the following special terms in addition to those enumerated above are hereby agreed to:

A. Night Letters may at the option of the Telegraph Company be mailed at destination to the addressees, and the Company shall be deemed to have discharged its obligation in such cases with respect to delivery by mailing such Night Letters at destination, postage prepaid.

B. Night Letters shall be written in plain English. Code language is not permissible.

*No employee of the Company is authorized to vary the foregoing.*

CABOOSES 54 & 55

a

Provo Ut., Mar. 1st, 1918.

Mr. I. H. Luke,
Vice Pres. & Gen. Mgr.,
Salt Lake City, Utah.

Dear Sir:

Yours of February 16th with reference to Utah Railway cabooses 54, and 55, arriving at Provo within the next few days. These cabooses have been received and was delivered at Provo 11:20 p.m. February 26th and inspected at 8 a.m. of February 27th. The wheel reference checks up in accordance with the bill of lading from the Mt. Vernon Car Mfg. Co.

The caboose equipment of caboose #55 consists of the following:

1- Estate Caboose Stove.
3- Lengths of Stove Pipe, 1 Elbow.
4- Locker Cushions.
4- Cupola "
1- Chair Cushion
2- Water Coolers.
1- Fusee Rack.
4- Flag Brackets.

This caboose had been entered through one of the cupola windows and the brass lock stolen off the ice box.

Caboose #54 equipment consisted of the following:

1- Estate Caboose Stove.
4- Locker cushions.
4- Cupola "
1- Chair "
2- Water coolers.
1- Fusee rack.
4- Flag Brackets.

This caboose had also been pilfered of three lengths of stove pipe and elbow, 8 clothes locker hooks, and one brass ice box lock. February 27th I transfered Condr. Palmer out of caboose #50 and stored this caboose at 12 noon of Feb. 27th. All of the equipment out of Caboose #50 was transferred into Caboose #55 to save drawing supplies for that caboose. The only duplicate of equipment being 4 caboose cushions. These are stored in one of the lockers on Caboose #55.

Respectfully,

Supt.

# CONDITIONS

Sec. 1. The carrier or party in possession of any of the property herein described shall be liable for any loss thereof or damage thereto, except as hereinafter provided.

No carrier or party in possession of any of the property herein described shall be liable for any loss thereof or damage thereto or delay caused by the act of God, the public enemy, quarantine, the authority of law, or the act or default of the shipper or owner, or for differences in the weights of grain, seed, or other commodities caused by natural shrinkage or discrepancies in elevator weights. Nor shall any loss or damage or delay caused by fire occurring after twenty-four hours (exclusive of legal holidays) after notice of the arrival of the property at destination or at port of export (if intended for export) has been duly sent or given, the carrier's liability thereafter shall be that of warehouseman only. Except in case of negligence of the carrier or party in possession (and the burden to prove freedom from such negligence shall be on the carrier or party in possession), the carrier or party in possession shall not be liable for loss, damage, or delay occurring while the property is stopped and held in transit upon request of the shipper, owner, or party entitled to make such request; or resulting from a defect or vice in the property or from riots or strikes. When in accordance with general custom, on account of the nature of the property, or when at the request of the shipper the property is transported in open cars, the carrier or party in possession (except in case of loss or damage by fire, in which case the liability shall be the same as though the property had been carried in closed cars) shall be liable only for negligence, and the burden to prove freedom from such negligence shall be on the carrier or party in possession.

Sec. 2. In issuing this bill of lading this company agrees to transport only over its own line, and except as otherwise provided by law acts only as agent with respect to the portion of the route beyond its own line.

No carrier shall be liable for loss, damage, or injury not occurring on its own road or its portion of the through route, nor after said property has been delivered to the next carrier, except as such liability is or may be imposed by law, but nothing contained in this bill of lading shall be deemed to exempt the initial carrier from any such liability so imposed.

Sec. 3. No carrier is bound to transport said property by any particular train or vessel, or in time for any particular market or otherwise than with reasonable dispatch, unless by specific agreement indorsed hereon. Every carrier shall have the right in case of physical necessity to forward said property by any railroad or route between the point of shipment and the point of destination; but if such diversion shall be from a rail to a water route the liability of the carrier shall be the same as though the entire carriage were by rail.

The amount of any loss or damage for which any carrier is liable shall be computed on the basis of the value of the property (being the bona-fide invoice price, if any, to the consignee, including the freight charges, if prepaid) at the place and time of shipment under this bill of lading, unless a lower value has been represented in writing by the shipper or has been agreed upon or is determined by the classification or tariffs upon which the rate is based, in any of which events such lower value shall be the maximum amount to govern such computation, whether or not such loss or damage occurs from negligence.

Claims for loss, damage, or delay must be made in writing to the carrier at the point of delivery or at the point of origin within four months after delivery of the property, or, in case of failure to make delivery, then within four months after a reasonable time for delivery has elapsed. Unless claims are so made the carrier shall not be liable.

Any carrier or party liable on account of loss of or damage to any of said property shall have the full benefit of any insurance that may have been effected upon or on account of said property, so far as this shall not avoid the policies or contracts of insurance.

Sec. 4. All property shall be subject to necessary cooperage and baling at owner's cost. Each carrier over whose route cotton is to be transported hereunder shall have the privilege, at its own cost and risk, of compressing the same for greater convenience in handling or forwarding, and shall not be held responsible for deviation or unavoidable delays in procuring such compression. Grain in bulk consigned to a point where there is a railroad, public, or licensed elevator, may (unless otherwise expressly noted herein, and then if it is not promptly unloaded) be there delivered and placed with other grain of the same kind and grade without respect to ownership, and if so delivered shall be subject to a lien for elevator charges in addition to all other charges hereunder.

Sec. 5. Property not removed by the party entitled to receive it within forty-eight hours (exclusive of legal holidays) after notice of its arrival has been duly sent or given may be kept in car, depot, or place of delivery of the carrier, or warehouse, subject to a reasonable charge for storage and to carrier's responsibility as warehouseman only, or may be, at the option of the carrier, removed to and stored in a public or licensed warehouse at the cost of the owner and there held at the owner's risk and without liability on the part of the carrier, and subject to a lien for all freight and other lawful charges, including a reasonable charge for storage.

The carrier may make a reasonable charge for the detention of any vessel or car, or for the use of tracks after the car has been held forty-eight hours (exclusive of legal holidays), for loading or unloading, and may add such charge to all other charges hereunder and hold such property subject to a lien therefor. Nothing in this section shall be construed as lengthening the time allowed by law or as setting aside any local rule affecting car service or storage.

Property destined to or taken from a station, wharf, or landing at which there is no regularly appointed agent shall be delivered at risk of owner after unloaded from cars or vessels or until loaded into cars or vessels, and when received from or delivered on private or other sidings, wharves, or landings shall be at owner's risk until the cars are attached to and after they are detached from trains.

Sec. 6. No carrier will carry or be liable in any way for any documents, specie, or for any articles of extraordinary value not specifically rated in the published classification or tariffs, unless a special agreement to do so and a stipulated value of the articles are indorsed hereon.

Sec. 7. Every party, whether principal or agent, shipping explosives or dangerous goods, without previous full written disclosure to the carrier of their nature, shall be liable for all loss or damage caused thereby, and such goods may be warehoused at owner's risk and expense or destroyed without compensation.

Sec. 8. The owner or consignee shall pay the freight and all other lawful charges accruing on said property, and, if required, shall pay the same before delivery. If upon inspection it is ascertained that the articles shipped are not those described in this bill of lading, the freight charges must be paid upon the articles actually shipped.

Sec. 9. Except in case of diversion from rail to water route, which is provided for in section 3 hereof, if all or any part of said property is carried by water over any part of said route, such water carriage shall be performed subject to the liabilities, limitations, and exemptions provided by statute and to the conditions contained in this bill of lading not inconsistent with such statutes of this section, and subject also to the condition that no carrier or party in possession shall be liable for any loss or damage resulting from the perils of the lakes, sea, or other waters; or from explosion, bursting of boilers, breakage of shafts, or any latent defect in hull, machinery, or appurtenances, or from collision, stranding or other accidents of navigation, or from prolongation of the voyage. And any vessel carrying any or all of the property herein described shall have the liberty to call at intermediate ports, to tow and be towed and assist vessels in distress, and to deviate for the purpose of saving life or property.

The term "water carriage" in this section shall not be construed as including lighterage across rivers or in lake or other harbors, and the liability for such lighterage shall be governed by the other sections of this instrument.

Sec. 10. Any alteration, addition or erasure in this bill of lading which shall be made without an indorsement thereof hereon, signed by the agent of the carrier issuing this bill of lading, shall be without effect, and this bill of lading shall be enforceable according to its original tenor.

Gentlemen:

I am taking the liberty to write you in reference to progress you are making on the erection of the two cabooses that you were to build for this company under order placed with you by Mr. Harriman of the Union Pacific System. I do not care to trouble you with inquiries at this time but as we are badly in need of cabooses I should be pleased to learn if you can advise us at about what time you expect to have these cabooses out.

Yours very truly,

Vice Pres. & Gen. Mgr.

Gentlemen,-

Please refer to my letter of August 11th, directing that necessary repairs be made to three Utah Railway Company cabooses and that these cars be turned over to Utah Railway Company.

Utah Railway expects to begin operation on December 1st, 1917. Therefore, I should like to be advised status of repairs on these three cabooses. Mr. I.H.Luke, Vice President & General Manager of Utah Railway Company, has written me that as these cars were equipped when delivered to D&RG, he should like to leave the present equipment in them. Do not see any objection to this.

Yours truly,

(Signed) F. E. Clarity

Dear Sir:

As we are expecting to begin operations December 1st, I hope you will have necessary repairs made to the three Utah Railway cabooses so as to be ready to deliver them to us a few days before that date. As these cars were equipped when delivered to the D.& R. G. I assume, of course, that you will leave the present equipment in them.

Yours very truly,

Vice Pres. & Gen. Mgr.

MT. VERNON, ILL., Oct. 20, 1917.

SUBJECT: Union Pacific Caboose Cars.

Mr. J.H. Luke, Gen. Mgr.,
Utah Railway Company,
Salt Lake City, Utah.

Dear Sir:-

Answering your favor of the 16th inst. we have been able to make but little progress on the Union Pacific caboose cars 33 of which we have to build. We were to deliver these cars in May of this year or thereabouts; we did not get the first lot of steel underframes until August 18th, second lot August 30th and the final shipment September 19th and thus were prevented from getting this work under way at the time we planned. This ran us into a labor shortage which has been getting more acute ever since.

There are two cantonment camps to which many of our men have gone, one of them near Mt. Vernon, at Belleville, Illinois, the other at Louisville. They have been attracted by the higher wages and favorable working hours and it has been impossible for us to round up enough capable carpenters to get a decent working force on this contract. It is impossible for us to compete with the Government under present conditions the way they are handling matters. We have been combing the country for men. Are making another labor campaign now that is well under way and we hope this time we will be able to get thirty or forty good carpenters that are capable of working on a job of this kind.

Our work has been going slowly; have not been getting 50% of our output this year account partly of a shortage of labor and also on account of our inability to get materials.

We are keeping Mr. Harriman posted in this matter and are doing the best we can under the circumstances but it is impossible for us to say at thistime when we will be able to make the first shipment of these caboose cars and when we will be able to complete.

Yours truly,

R.K. Weber

Vice-Pres.

SUBJECT: Union Pacific Cabooses Cars.

Mr. J.L. Lane, Gen. Mgr.,
Utah Railway Company,
Salt Lake City, Utah.

Dear Sir:-

Answering your favor of the 16th inst. we have been able to make but little progress on the Union Pacific cabooses cars 35 of which we have to build. We were to deliver these cars in May of this year or thereabouts; we did not get the first lot of steel underframes until August 16th, second lot August 30th and the final shipment September 10th and this were prevented from getting this work under way at one time as planned. This put us into a labor shortage which has been getting more acute ever since.

There are two contonment camps to which many of our men have gone, one of them near Mt. Vernon, at Fairvillie Illinois, the other at Louisville. They have been attracted by the higher wages and favorable working conditions and it has been impossible for us to round up enough capable carpenters to get a decent working force on this contract. It is impossible for us to compete with the Government under present conditions the way they are handling matters. We have been combing the country for men. Are making another labor campaign now that is well under way and we hope this time we will be able to get thirty or forty good carpenters that are capable of working on a job of this kind.

Our work has been going slowly; have not been getting out of our output this year account partly of a shortage of labor and also on account of our inability to get materials.

We are keeping Mr. Herriman posted in this matter and are doing the best we can under the circumstances but it is impossible for us to say at this time when we will be able to make the first shipment of these cabooses cars and when we will be able to complete.

Gentlemen:

With reference to order placed with you June 28th, by Mr. W. A. Harriman, Vice President of the Union Pacific System, covering two 8-wheel cabooses for the Utah Railway Company, to be numbered 54 and 55; as we will be able to use these cabooses next month I should be pleased to have you advise me what progress you are making on their construction and at what time we may expect them.

Yours very truly,

General Manager.

July 26, 1917.

Mr. F. E. Clarity,

Asst. General Manager, D. & R. G. R.R.Co.,

Salt Lake City, Utah,

Dear Sir:

We are promised our Santa Fe Type Locomotives out of the works in the next day or two; this should enable us to get them into service by the 15th of September, possibly a little sooner, and as we will need the three Utah Railway cabooses at that time, thought it advisable to give you this advance notice so that you would be in a position to release them and have such repairs and painting as may be necessary done, before delivering to us.

Yours very truly,

## ALL TELEGRAMS TAKEN BY THIS COMPANY ARE SUBJECT TO THE FOLLOWING TERMS:

To guard against mistakes or delays, the sender of a telegram should order it REPEATED, that is, telegraphed back to the originating office for comparison. For this, one-half the unrepeated telegram rate is charged in addition. Unless otherwise indicated on its face, THIS IS AN UNREPEATED TELEGRAM AND PAID FOR AS SUCH, in consideration whereof it is agreed between the sender of the telegram and this Company as follows:

1. The Company shall not be liable for mistakes or delays in the transmission or delivery, or for non-delivery, of any UNREPEATED telegram, beyond the amount received for sending the same; nor for mistakes or delays in the transmission or delivery, or for non-delivery, of any REPEATED telegram, beyond fifty times the sum received for sending the same, *unless specially valued;* nor in any case for delays arising from unavoidable interruption in the working of its lines; *nor for errors in cipher or obscure telegrams.*

2. In any event the Company shall not be liable for damages for any mistakes or delays in the transmission or delivery, or for the non-delivery, of this telegram, whether caused by the negligence of its servants or otherwise, beyond the sum of FIFTY DOLLARS, at which amount this telegram is hereby valued, unless a greater value is stated in writing hereon at the time the telegram is offered to the Company for transmission, and an additional sum paid or agreed to be paid based on such value equal to one-tenth of one per cent. thereof.

3. The Company is hereby made the agent of the sender, without liability, to forward this telegram over the lines of any other Company when necessary to reach its destination.

4. Telegrams will be delivered free within one-half mile of the Company's office in towns of 5,000 population or less, and within one mile of such office in other cities or towns. Beyond these limits the Company does not undertake to make delivery, but will, without liability, at the sender's request, as his agent and at his expense, endeavor to contract for him for such delivery at a reasonable price.

5. No responsibility attaches to this Company concerning telegrams until the same are accepted at one of its transmitting offices; and if a telegram is sent to such office by one of the Company's messengers, he acts for that purpose as the agent of the sender.

6. The Company will not be liable for damages or statutory penalties in any case where the claim is not presented in writing within sixty days after the telegram is filed with the Company for transmission.

7. *Special terms governing the transmission of messages under the classes of messages enumerated below shall apply to messages in each of such respective classes in addition to all the foregoing terms.*

8. *No employee of the Company is authorized to vary the foregoing.*

**THE WESTERN UNION TELEGRAPH COMPANY**
INCORPORATED

## CLASSES OF SERVICE

### FAST DAY MESSAGES

A full-rate expedited service.

### NIGHT MESSAGES

Accepted up to 2.00 A.M. at reduced rates to be sent during the night and delivered not earlier than the morning of the ensuing business day.

### DAY LETTERS

A deferred day service at rates lower than the standard day message rates as follows: One and one-half times the standard Night Letter rate for the transmission of 50 words or less and one-fifth of the initial rate for each additional 10 words or less.

SPECIAL TERMS APPLYING TO DAY LETTERS:

In further consideration of the reduced rate for this special "Day Letter" service, the following special terms in addition to those enumerated above are hereby agreed to:

A. Day Letters may be forwarded by the Telegraph Company as a deferred service and the transmission and delivery of such Day Letters is, in all respects, subordinate to the priority of transmission and delivery of regular telegrams.

B. Day Letters shall be written in plain English. Code language is not permissible.

C. This Day Letter may be delivered by the Telegraph Company by telephoning the same to the addressee, and such delivery shall be a complete discharge of the obligation of the Telegraph Company to deliver.

D. This Day Letter is received subject to the express understanding and agreement that the Company does not undertake that a Day Letter shall be delivered on the day of its date absolutely and at all events; but that the Company's obligation in this respect is subject to the condition that there shall remain sufficient time for the transmission and delivery of such Day Letter on the day of its date during regular office hours, subject to the priority of the transmission of regular telegrams under the conditions named above.

*No employee of the Company is authorized to vary the foregoing.*

### NIGHT LETTERS

Accepted up to 2.00 A.M. for delivery on the morning of the ensuing business day, at rates still lower than standard night message rates, as follows: The standard day rate for 10 words shall be charged for the transmission of 50 words or less, and one-fifth of such standard day rate for 10 words shall be charged for each additional 10 words or less.

SPECIAL TERMS APPLYING TO NIGHT LETTERS:

In further consideration of the reduced rate for this special "Night Letter" service, the following special terms in addition to those enumerated above are hereby agreed to:

A. Night Letters may at the option of the Telegraph Company be mailed at destination to the addressees, and the Company shall be deemed to have discharged its obligation in such cases with respect to delivery by mailing such Night Letters at destination, postage prepaid.

B. Night Letters shall be written in plain English. Code language is not permissible.

*No employee of the Company is authorized to vary the foregoing.*

D. This Day Letter is received subject to the express understanding and agreement that the Company does not undertake that a Day Letter shall be delivered on the day of its date absolutely and at all events; but that the Company's obligation in this respect is subject to the condition that there shall remain sufficient time for the transmission and delivery of such Day Letter on the day of its date during regular office hours, subject to the priority of the transmission of regular telegrams under the conditions named above.

*No employee of the Company is authorized to vary the foregoing.*

### NIGHT LETTERS

Accepted up to 2.00 A.M. for delivery on the morning of the ensuing business day, at rates still lower than standard night message rates, as follows: The standard day rate for 10 words shall be charged for the transmission of 50 words or less, and one-fifth of such standard day rate for 10 words shall be charged for each additional 10 words or less.

SPECIAL TERMS APPLYING TO NIGHT LETTERS:

In further consideration of the reduced rate for this special "Night Letter" service, the following special terms in addition to those enumerated above are hereby agreed to:

A. Night Letters may at the option of the Telegraph Company be mailed at destination to the addressees, and the Company shall be deemed to have discharged its obligation in such cases with respect to delivery by mailing such Night Letters at destination, postage prepaid.

B. Night Letters shall be written in plain English. Code language is not permissible.

*No employee of the Company is authorized to vary the foregoing.*

### TRANSMITS AND DELIVERS THE WITHIN TELEGRAM SUBJECT TO THE FOLLOWING TERMS AND CONDITIONS:

To guard against mistakes or delays, the sender of a telegram should order it REPEATED; that is, telegraphed back to the originating office for comparison. For this, one-half the unrepeated telegram rate is charged in addition. Unless otherwise indicated on its face, THIS IS AN UNREPEATED TELEGRAM AND PAID FOR AS SUCH, in consideration whereof it is agreed between the sender of the telegram and this Company as follows:

1. The Company shall not be liable for mistakes or delays in the transmission or delivery, or for non-delivery, of any UNREPEATED telegram, beyond the amount received for sending the same; nor for mistakes or delays in the transmission or delivery, or for non-delivery, of any REPEATED telegram, beyond fifty times the sum received for sending the same, UNLESS SPECIALLY VALUED; nor in any case for delays arising from unavoidable interruption in the working of its lines; NOR FOR ERRORS IN CIPHER OR OBSCURE TELEGRAMS.

2. In any event the Company shall not be liable for damages for any mistakes or delays in the transmission or delivery, or for the non-delivery of this telegram, whether caused by the negligence of its servants or otherwise, beyond fifty times the REPEATED telegram rate, at which amount this telegram, if sent as a REPEATED telegram, is hereby valued, unless a greater value is stated in writing hereon at the time the telegram is offered to the Company for transmission, and an additional sum paid or agreed to be paid based on such value equal to one-tenth of one per cent. thereof.

3. The Company is hereby made the agent of the sender, without liability, to forward this telegram over the lines of any other Company when necessary to reach its destination.

4. Messages will be delivered free within the established free delivery limits of the terminal office. For delivery at a greater distance a special charge will be made to cover the cost of such delivery.

5. No responsibility regarding messages attaches to this Company until the same are presented and accepted at one of its transmitting offices; and if any message is sent to such office by one of this Company's messengers, he acts as the agent of the sender for the purpose of delivering the message and any notice or instructions regarding it to the Company's agent in its said office.

6. The Company shall not be liable for damages or statutory penalties in any case where the claim is not presented in writing within sixty days after the telegram is filed with the Company for transmission.

7. The above terms and conditions shall be binding upon the receiver as well as the sender of this telegram.

8. NO EMPLOYEE OF THIS COMPANY IS AUTHORIZED TO VARY THE FOREGOING.

## ALL TELEGRAMS TAKEN BY THIS COMPANY ARE SUBJECT TO THE FOLLOWING TERMS:

To guard against mistakes or delays, the sender of a telegram should order it REPEATED, that is, telegraphed back to the originating office for comparison. For this, one-half the unrepeated telegram rate is charged in addition. Unless otherwise indicated on its face, THIS IS AN UNREPEATED TELEGRAM AND PAID FOR AS SUCH in consideration whereof it is agreed between the sender of the telegram and this Company as follows:

1. The Company shall not be liable for mistakes or delays in the transmission or delivery, or for non-delivery, of any UNREPEATED telegram, beyond the amount received for sending the same; nor for mistakes or delays in the transmission or delivery, or for non-delivery, of any REPEATED telegram, beyond fifty times the sum received for sending the same, *unless specially valued;* nor in any case for delays arising from unavoidable interruption in the working of its lines; *nor for errors in cipher or obscure telegrams.*

2. In any event the Company shall not be liable for damages for any mistakes or delays in the transmission or delivery, or for the non-delivery, of this telegram, whether caused by the negligence of its servants or otherwise, beyond the sum of FIFTY DOLLARS, at which amount this telegram is hereby valued, unless a greater value is stated in writing hereon at the time the telegram is offered to the Company for transmission, and an additional sum paid or agreed to be paid based on such value equal to one-tenth of one per cent. thereof.

3. The Company is hereby made the agent of the sender, without liability, to forward this telegram over the lines of any other Company when necessary to reach its destination.

4. Telegrams will be delivered free within one-half mile of the Company's office in towns of 5,000 population or less, and within one mile of such office in other cities or towns. Beyond these limits the Company does not undertake to make delivery, but will, without liability, at the sender's request, as his agent and at his expense, endeavor to contract for him for such delivery at a reasonable price.

5. No responsibility attaches to this Company concerning telegrams until the same are accepted at one of its transmitting offices; and if a telegram is sent to such office by one of the Company's messengers, he acts for that purpose as the agent of the sender.

6. The Company will not be liable for damages or statutory penalties in any case where the claim is not presented in writing within sixty days after the telegram is filed with the Company for transmission.

7. *Special terms governing the transmission of messages under the classes of messages enumerated below shall apply to messages in each of such respective classes in addition to all the foregoing terms.*

8. *No employee of the Company is authorized to vary the foregoing.*

File No 583

Salt Lake City, March 19, 1917.

Mr. A. B. Apperson, President,
Southern Utah Railroad Co.,
Salt Lake City, Utah.

Dear Sir:

Replying to your letter of the 17th, concerning the advisability of purchasing a couple new cabooses for use in proposed Utah Railway operations:

Including the old car at Hiawatha--which is a weak, wooden car--we have four cabooses. As four crews will be the minimum needed, we should have two more cabooses with steel draft sills.

Very truly yours,

(Signed) I. H. Luke

General Manager.
